

ALL'S CALM IN KYOTO

BY TRACY MORRIS DESIGN LLC

The low-backed, warm gray Edward Ferrell + Lewis Mittman sofa says it all – when you enter this room, the day is done and it's time to relax. Designer Tracy Morris intended a restful space for reading or taking tea, and the finished space delivers. A subtle palette of dove gray, antiqued gold, and misty blue brings Asian influence and blends well with the European pieces, too. Hand-painted panels by Christine Nicole Productions on both ends of the room, custom Kravet drapes, and an oversized Niermann Weeks chandelier add to the stately sophistication.
